DETAILED ACTION

Response to Remarks

1. Applicants' arguments, filed on 10/25/05, have been approved and entered. They have been fully considered. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. The following rejections and/or objections are either newly applied or reiterated. They constitute the complete set presently being applied to the instant application.

Claim Objections

2. Claims 45, 47, and 49 are objected to because of the following informalities: the claims recite that "at least one of the nucleosides is a 2'-deoxy-2'-fluoro, 2'-NH-C2-C20-alkynyl nucleoside". However, it is missing the word "or" before the last one. Appropriate correction is required.
